Our city-centre campus

Coventry is ranked the fifth best student city in the UK, and top 40 in the world, in the QS Best Student Cities 2017. The list is based on a range of key indicators including university rankings, student mix, affordability and employer activity, so Coventry is a great choice for both student lifestyle and graduate prospects.

Our modern campus in the heart of the city centre means everything you need is within easy walking distance. Our teaching and learning buildings are close to other facilities such as the library, sports centre and our students’ building, TheHub, as well as high street shops, cafes, bars and restaurants. Most first-year accommodation is located either on or very near to campus so you won’t have to travel far to make the most of everything the University and the city has to offer.

On campus, TheHub is the focal point of non-academic life. This purpose-built space is where students meet for lunch or a coffee in Costa, or call in to use one of our many open access computers. It’s also home to Coventry University Students’ Union (CUSU) and Square One, a central space that is used for evening events including music and comedy, as well as a 3D cinema screen.

We are also proud to have won prestigious Green Flag status in 2016 from leading environmental charity Keep Britain Tidy. The award confirms our commitment to making sure our central campus grounds are well maintained to provide a green, clean environment for our students and for the city.

You can check out the campus for yourself at one of our Saturday Open Days (dates on page 3) or by joining one of our student-led tours held on weekdays throughout the year.

www.coventry.ac.uk
Our faculties

As an undergraduate student at Coventry University, you will belong to, and be taught in, one of four academic faculties.

- Faculty of Arts and Humanities
- Faculty of Business and Law
- Faculty of Engineering, Environment and Computing
- Faculty of Health and Life Sciences

You can find more details on each of our faculties over the next few pages.

Each faculty has its own Employability Unit with specialist staff who can offer careers advice and guidance. Each Employability Unit has links with relevant businesses and industry partners, which can be of particular benefit if you’re looking to secure a work placement during your time at university. The Employability Unit can also provide advice on how to write effective CVs and cover letters, and on preparing for assessment centres and interviews.
Faculty of Arts and Humanities

Students and graduates from the Faculty of Arts and Humanities have been shaping the landscape of performance, media, design and the humanities for almost 175 years.

Our celebrated alumni include a portrait painter to the Queen and an Oscar-winning filmmaker, along with designers working in automotive styling studios across Europe, for manufacturers such as Aston Martin, Jaguar Land Rover, Lotus and BMW.

Our students are encouraged to follow their creative ambitions. Our lecturers will support and nurture your intellectual curiosity and help you to shape your future direction. During your degree, you will have opportunities to engage with professional communities of practice, helping you to develop your ideas within a group of people with similar interests.

We provide an annual showcase for our students’ creativity and craftsmanship at our annual Degree Shows. Open to the public and invited guests from the creative industries, the Shows celebrate our students’ achievements and give them a platform from which to launch their careers. Students from all disciplines take part, demonstrating visual and technical skills and expertise by creating exhibitions or holding fashion shows, film screenings or dance performances.

The Faculty of Arts and Humanities is made up of three specialist Schools:

- **School of Art and Design**
  The School of Art and Design offers courses in the arts, architecture and design.

- **School of Humanities**
  The School of Humanities offers a range of courses in politics, sociology, international relations, English, history and languages.

- **School of Media and Performing Arts**
  The School of Media and Performing Arts offers courses in media, photography, music, dance and theatre.

[www.coventry.ac.uk/fah](http://www.coventry.ac.uk/fah)
Faculty of Business and Law

The Faculty of Business and Law provides a dynamic and enterprising educational experience for students interested in business, economics, finance, accounting, marketing, management and law.

The Faculty of Business and Law is made up of two core Schools:

- Coventry Business School
  Coventry Business School is home to our suite of business, finance and management courses. In addition to our broad-based degrees, we offer courses in specialist areas such as sport and event management, tourism and human resources.

  Business students have access to a state-of-the-art Trading Floor, the largest of its kind in Europe, with 42 terminals powered by Bloomberg. This provides a realistic environment in which students can gain experience using industry-standard software, such as Reuters Datastream.

  Marketing students have access to our DigiComm Lab equipped with industry-relevant software enabling them to produce digital campaigns in readiness for their graduate careers.

  Graduate employment is central to everything that we do. Students benefit from our links with prestigious employers including Jaguar Land Rover, Aston Martin, IBM, Peugeot, BNP Paribas and Goldman Sachs.

- Coventry Law School
  Coventry Law School is a provider of qualifying law degrees in both general and specialist areas. Our academic staff have a wealth of knowledge and experience from professional and academic fields.

  Law students have access to our Moot Room, a mock courtroom where they can practise and develop advocacy skills in a realistic environment.

  Students may have the opportunity to participate in our Legal Advice Service, where they are able to work with qualified solicitors offering legal services and advice to the local community.

www.coventry.ac.uk/fbl

Diana Mitache
Coventry Business School graduate
The Faculty of Engineering, Environment and Computing
is nationally and internationally recognised for its portfolio of education and research opportunities.

Our £55m teaching and research building is designed to support activity-led learning connecting education and industry. Our computing and engineering laboratories and our workshops are equipped to high standards, and are available to students in and out of class time.

Our courses build on strong industrial and commercial engagement and link to our wide research portfolio. Our award-winning Employability Unit* actively supports students to find suitable internships and graduate employment.

Many of our undergraduate courses are accredited by the relevant professional bodies, such as the Engineering Council, which helps our graduates to progress in their chosen fields.

The Faculty of Engineering, Environment and Computing is made up of three specialist Schools:

- **School of Computing, Electronics and Mathematics**
  This School is home to our mathematics, computing and electrical/electronic engineering courses.

- **School of Energy, Construction and Environment**
  Courses offered cover the fields of geography, disaster management, and oil, gas and energy management as well as civil engineering and construction.

- **School of Mechanical, Aerospace and Automotive Engineering**
  This School is home to our mechanical, automotive, aerospace, manufacturing and motorsport engineering degrees and also our business degree in aviation management.

*Awarded the ‘Best Placement Service in the UK’ at the National Undergraduate Employability Awards in 2015 and 2016

**Faculty of Engineering, Environment and Computing**

James Naoumoff
BSc (Hons) Construction Management

www.coventry.ac.uk/feec
Faculties

The Faculty of Health and Life Sciences offers a wide range of vocational health and social care courses.

Teaching, learning and assessment is focused on the practical application of skills and knowledge. Students learn from industry-experienced practitioners and benefit from professional-standard teaching facilities on campus. This includes our new state-of-the-art Science and Health Building, which features extensive professional laboratory facilities, community healthcare simulation settings for hands-on learning, a mock operating theatre, hospital ward, ambulance, a strength and conditioning room, a running track and a sports therapy clinic.

The Faculty of Health and Life Sciences is made up of three specialist Schools:

- **School of Life Sciences**
  The School offers courses in human biosciences, food and nutrition, sports therapy, biomedical science, and sport and exercise science.

- **School of Nursing, Midwifery and Health**
  The School is home to a collection of nursing and midwifery courses, along with courses in dietetics, physiotherapy, paramedic science, operating department practice and occupational therapy.

- **School of Psychological, Social and Behavioural Sciences**
  The School offers courses in psychology, criminology, childhood and youth studies, social work, forensic investigations, social sciences and counselling, coaching and mentoring.

www.coventry.ac.uk/hls
Teaching excellence

We are committed to providing all of our students with as many opportunities as possible, both inside and outside the classroom, so that they get the best possible results from their time with us and graduate ready to start successful careers.

In 2016, the prestigious Times Higher Education magazine ranked Coventry University as one of the top-performing higher education institutions in recent analysis of teaching excellence, placing us sixth in the UK, and "outstanding" based on the methodology that the government is introducing in its forthcoming Teaching Excellence Framework.

This follows publication of the Guardian University Guide 2017 league table, which sees Coventry University ranked 15th overall, and top 10 for the quality of our teaching and our "value-added score", which rates the success of our students in comparison with their grades at entry.

Student satisfaction

Our most important feedback comes from our students and we are proud that they consistently rate us highly in national surveys, both for overall experience and for the standard of our teaching.

In the National Student Survey 2016, our final-year undergraduate students rated us above 90% in several categories, including satisfaction with the quality of their course, the quality of teaching, and their personal development opportunities.

We achieved 100% ratings for overall student satisfaction and satisfaction with teaching in a recent student survey carried out for the QS Stars University Ratings 2016. We received a maximum 5-star rating in several QS Stars categories: teaching, employability, internationalisation, facilities and inclusiveness.

To find out more about our league table positions, please visit our website.

www.coventry.ac.uk/awards
The Lanchester Library

The Lanchester Library provides you with a range of study environments across five floors. There are workspaces for silent and individual study as well as quiet and group areas and bookable rooms.

The Disruptive Media Learning Lab on the top floor has been designed to provide surroundings to inspire and challenge our students to think and act differently when studying. It offers experimental new learning areas including an open-plan, tiered AstroTurf group space known as ‘The Grass’ and a wooden sculptured work space nicknamed ‘The Hill’.

The library has 1,300 individual study spaces and 500 computer workstations, as well as a laptop loan scheme. Wi-Fi is available throughout the building.

You will have access to over 350,000 print books, 130,000 e-books, 86,000 electronic journals and a large range of other multimedia resources.

The library is open 24 hours a day to provide flexibility and convenience for our students. You can access all of the library’s electronic resources from your own laptop on campus, and most can be accessed from any location with an Internet connection.

A team of dedicated subject librarians are available to provide you with specialist help and support. They work in conjunction with course tutors and provide both class teaching and one-to-one appointments. In addition, our enquiry staff will help ensure you have everything you need to support your study.

www.coventry.ac.uk/library
Student support

We want you to enjoy life at university and get the most from your studies. A range of support services are available to you throughout your time with us.

Academic support
The Centre for Academic Writing (CAW) provides guidance on writing assignments, essays and reports as well as on how to tackle your dissertation and exam papers. Visit cawbookings.coventry.ac.uk to book onto a workshop or writing tutorial.

Whatever degree you’re studying, if you need any help with mathematics or statistics, our support centre, sigma, is open throughout term time and for several weeks during vacations. You can drop in for advice, or visit sigma.coventry.ac.uk to make an appointment or sign up to courses on statistics, the use of SPSS statistical software and numeracy skills.

Both services are based in the Lanchester Library. Additionally, the IT Services Helpdesk can help with any IT problems. For more information, please visit www.coventry.ac.uk/support.

Information Points and support services
Our Information Points in The Hub and across campus are the first point of contact for all our students. Our friendly, trained staff are able to deal with a range of queries on behalf of our academic faculties, the International Office and other parts of the University such as Registry and Finance. Our Information Points are also a convenient way to access a range of other support services available on campus. To find out more, please call 024 7765 6565 or email info.ss@coventry.ac.uk.

Our Health and Wellbeing Team includes welfare officers, counsellors and mental health advisers who provide support for a range of issues, such as health or relationship worries. Services are confidential and, following an initial assessment, students may be offered one-to-one counselling or referred to specialist external organisations.

Our Disability Support Team provides guidance and assistance to disabled students from the point of application through to graduation. To find out more, please call 024 7765 8029 or email disoff.ss@coventry.ac.uk.

The Spirituality and Faith Centre is available to all students, and runs a variety of activities to help promote wellbeing. Private appointments can also be made with our multi-faith chaplains.

www.coventry.ac.uk/welfare
There are many good reasons to study a degree but one of the most important is to gain access to the graduate job market.

At Coventry University we work hard to help our students prepare for successful careers. This commitment is reflected in recent figures showing that 95% of our graduates had gained employment or continued on to further study six months after graduating*.

Not all graduate jobs require you to have studied a particular degree subject. Often, employers are looking for candidates with more general qualities and capabilities, such as being enterprising, having a global outlook and demonstrating good communication, problem-solving and analytical skills. Our courses help you to develop these abilities throughout your studies.

Our careers team helps our students to secure work placements and internships to gain valuable industry experience. These range from placements taken as part of a degree course, to sandwich years or internships undertaken during university holidays.

We have also developed a range of career-focused ‘Add+vantage’ modules, which help our students to develop the skills employers are looking for and to make the transition from study to work. Most of our undergraduate courses incorporate one Add+vantage option per year of study. Students can tailor their choices to suit their career interests and aspirations. Possible options include learning a foreign language or enhanced research skills, and opportunities to undertake work experience, join international field trips, or gain professional accreditation or study towards industry qualifications. Please visit www.coventry.ac.uk/addvantage for more information.

Employers value enterprising graduates who can innovate, work creatively and implement new ideas successfully. At Coventry University, enterprise is embedded into our teaching and our people.

If you’re thinking of starting a business or becoming self-employed, we can offer you entrepreneurial support during your studies and beyond graduation. Our International Centre for Transformational Entrepreneurship supports students in a variety of ways such as skills development, networking, workshops and events.

Our BA (Hons) Enterprise and Entrepreneurship course is aimed at students with a keen interest in creating their own entrepreneurial venture or project. This may include business or social enterprise start-up, growth projects within family or established businesses, or private or public sector intrapreneurship.

The course is focused around the concept of ‘value creation’ and the activity of transforming purposeful ideas into action. It covers creativity and idea development, feasibility testing, business operations, and strategic planning from start-up to growth strategies.

There is also the opportunity to choose entrepreneurship modules as part of our Add+vantage programme. This gives students who are interested in developing their enterprise skills the opportunity to gain practical experience in order to pursue entrepreneurial opportunities or to be more effective intrapreneurs or enterprising employees.

We have a strong tradition of helping to support and develop social enterprises created and run by our staff, students and alumni. We have been awarded the Social Enterprise Mark in recognition of our commitment to making a difference to society and the environment through our support for sustainable local businesses.

[www.coventry.ac.uk/icte]
International opportunities

According to research by the British Council and the Higher Education Funding Council for England, gaining international experience makes you more employable. Students with international experience develop the global skills employers require, obtain higher starting salaries and achieve better career progression.

Our Centre for Global Engagement (CGE) has supported over 30,000 students to gain international experience in over 100 different countries across the globe, including Brazil, Australia, China, Japan and the USA. CGE offers funding to assist you in your journey.

CGE supports a range of globally-focused activities. You can choose to attend language classes, apply to study or work abroad, undertake international field trips or research, or take part in cultural workshops and training, leadership development or work experience in the UK*.

You can spend between three and 12 months studying or working abroad during your degree. In addition to broadening your horizons, and demonstrating to employers that you are confident, resilient and adaptable, you will have the opportunity to gain the increased cultural awareness and foreign language skills that will give you an edge in the careers market. You can choose to combine both types of experience, studying for one semester and working for another, enabling you to experience life in two different countries.

Our students also take part in a range of overseas activities, such as international conferences or exhibitions, research projects or field trips, or volunteering. You can apply for opportunities sourced by CGE but are also encouraged to follow your own interests.

Our extracurricular Global Leaders Programme provides students with insight into how multinational organisations operate and how businesses function across different cultures. Workshops and interactive activities combine with site visits and guest lectures from high-profile business figures to offer students important networking opportunities. Please visit www.coventry.ac.uk/glp for more information.

*All international opportunities are subject to a successful student application. Locations and other details mentioned here are subject to change. Additional fees may apply.

www.coventry.ac.uk/cge
Getting to Coventry

With its central location and excellent transport links, Coventry is easy to get to, wherever your journey begins.

The University is just a 15-minute drive from the M6 and the M69 and less than 20 minutes from the M42 and M40. Birmingham Airport is a 20-minute journey by road or rail.

Coventry railway station is just a 10-minute walk from campus and operates regular services on routes including Birmingham, London, Manchester, Leeds and Bristol, as well as to local stations.

The main coach and bus station, Pool Meadow, is right on the doorstep of campus and serves both local destinations and cities across the UK.

If you are planning to drive, there is a 300-space student-only car park on campus that costs just £2 to park all day*.

If you live locally then you also have the option of walking or cycling to lectures. There are plenty of sheltered bike-locking areas on campus. You can download local cycling maps and plan your journey by visiting www.coventry.gov.uk.

*Price correct at time of printing.

### Student accommodation

If you choose to apply for accommodation, you have a variety of options, from University-owned/managed properties to lettings in the private sector.

We are investing £89m in new accommodation over the next few years, including our Bishop Gate development, Phase 1 of which is scheduled to provide more than 700 new rooms by September 2018.

We know that moving away from home can be daunting for new students. Our accommodation service, FutureLets, aims to take the stress out of those first steps by helping you to find a place to live that suits your needs and your budget. FutureLets manages accommodation in University-owned properties as well as options in buildings owned by partner providers and private lettings in Coventry.

All FutureLets accommodation is located either on campus or within walking distance of the University and city centre. Available accommodation includes rooms with ensuite or shared bathroom facilities in catered or self-catered halls, studios and apartments, and house shares with up to 12 bedrooms.

#### Catered accommodation

If you would prefer to live in a hall of residence where meals are provided, the University’s Quadrant Hall and Priory Hall provide breakfast and dinner every weekday. Quadrant Hall is a few minutes’ walk from campus while Priory Hall is located right next to University Square.

#### Self-catered accommodation

If you want the peace of mind of living in University-owned accommodation but would prefer the independence and communal atmosphere of a flat share, Singer Hall (pictured opposite) is a popular self-catered student village arranged in flats of five or six rooms.

#### Other halls of residence

Other popular accommodation options close to campus include Callice Court and The Apollo Works. For more information, please visit the accommodation pages of our website.

#### Private lettings

For information on privately let houses and apartments, please visit [www.futurelets.co.uk](http://www.futurelets.co.uk).

Catered accommodation. Rent includes 10 meals per week, utility bills, contents insurance and sports membership.

Self-catered ensuite accommodation. Utility bills and contents insurance included as part of the rent by selected providers.

Self-catered accommodation. Utility bills, contents insurance and sports membership included as part of the rent.

*Please note these fees relate to the 2017/18 academic year and are intended as a guide only. Please check the website for up-to-date information.*
Coventry University Students’ Union (CUSU)

Coventry University Students’ Union (CUSU) is run by students, for students, to help you get the most from your university experience. Based in The Hub at the centre of campus, CUSU organises a year-round programme of events, from Freshers’ Week and our popular Varsity sports tournament to regular club nights and campaigning initiatives.

When you enrol at Coventry University, you will automatically become part of our Students’ Union. CUSU provides a range of advice and support in addition to the services offered by the University, and also takes the role of representing your interests, both at the University and nationally.

CUSU’s Course and Service Reps feed students’ views on teaching and learning back to the University and its Student Warden scheme helps build positive relationships in the areas where students live.

CUSU offers you several ways to get involved in activities that will increase your employability skills. Students can join Source Media, working on its radio, TV or news platforms. CUSU also runs a volunteering service through which you can spend time fundraising or working with local community projects.

Societies and sports clubs
CUSU supports more than 130 student societies and over 50 sports clubs. Currently, societies include academic, cultural, international, faith, political and campaigning groups alongside a wide range of hobbies and interests. Joining a society is a great way of meeting new people and spending time doing things you enjoy and are passionate about. If you can’t find the society you’re looking for, you can start one of your own.

Aside from all the sports clubs you’d expect – football, hockey and rugby for example – you’ll find some more unusual ones too, such as taekwondo, mountaineering or snow sports.

www.cusu.org
Sport Coventry

Sport Coventry is a collaboration between Coventry University and Coventry University Students’ Union designed to support, develop and promote success in all areas of university sport. We provide a range of opportunities and activities aimed at all levels and abilities.

You can choose to get involved at the level that’s right for you, from trying something new to representing the University competitively. We have over 50 sports clubs which compete in the British Universities and Colleges Sport (BUCS) leagues. One of the highlights of the student year is our annual varsity tournament where our teams compete against their local rivals from the University of Warwick.

Sport Coventry’s ‘Team Phoenix’ programme was established to enhance the sporting experience and performance of our flagship teams. Clubs have the opportunity to apply for extra resources and additional support, from professional expertise to funding.

As part of the Team Phoenix programme, we bring in the best coaching talent possible to ensure continuity and long-term success for our clubs. The programme provides a challenging and competitive environment that develops our athletes’ abilities, confidence and self-awareness, leading them to success in the sporting arena and beyond.

If you play sport to a high level, you may also be interested in applying for our Sports Scholarship award. It provides both a cash bursary and tailored support to help you balance the demands of performance sport and life at university.

Whatever your aim, interest or ability, there is something for you at Sport Coventry. For more information, please visit our website.

www.coventry.ac.uk/sportcoventry
Sport and Recreation Centre

Situated on campus, our Sport and Recreation Centre provides a range of excellent facilities for student use. You can also feel part of the University community with our Active Health and Fitness programme.

Our large, modern fitness suite contains a variety of cardiovascular and resistance machines, free weight equipment and a functional core area to help you stay fit and healthy. Our professionally-qualified fitness team can provide you with a free induction, a personal training plan, and any tips or advice that you may need.

We also have a brand-new high-performance suite designed to support the physical training needs of athletes across a wide range of sports. This is managed full-time by two UKSCA-accredited coaches. Our on-site physiotherapy clinic can assist students with any sport-related injuries.

You can also take advantage of our indoor sports halls where you can participate in five-a-side football, basketball, badminton, table tennis and more. Playing team sports is a great way to meet new people as well as staying fit and healthy. If you want to join a team and/or play at a recreational level, our Be Active programme supports a number of leagues, games and tournaments.

If you enjoy group fitness classes, check out our Active Life programme which includes Spinning, Body Pump, Insanity and yoga classes suitable for various levels of fitness and experience. Classes are updated every term, so your workout routine will always stay fresh.

Outdoor sports facilities, including several full-sized football, rugby and hockey pitches, an AstroTurf pitch and a cricket strip, are just a short bus journey away at The Place in Westwood Heath. This is where many of our Team Phoenix sides play their home matches against other universities.

www.coventry.ac.uk/sportscentre
City life by day

Coventry was announced the fifth best student city in the UK in the QS Best Student Cities 2017 ranking. A famously welcoming and multicultural city, it has plenty to keep you entertained when you’re not in lectures.

Shopping and entertainment
The city centre has everything you’d expect in terms of high street shopping. Household names include Primark, New Look, River Island and Topshop, as well as Marks & Spencer, Waterstones and Debenhams.

Coventry is also home to one of the very few city-centre IKEA stores, a big bonus if you’re looking for affordable homeware or decoration for your room in student accommodation.

Birmingham’s famous Bullring shopping area and impressive new Grand Central complex are only 20 minutes by train from Coventry station. Or you might prefer Resorts World, just 10 minutes by train, which has more than 40 big-brand outlet stores, as well as numerous places to eat and an 11-screen cinema.

As an alternative, Fargo Village, close to campus in Far Gosford Street, is home to small businesses selling artisan clothes, food and gifts. There’s also a micro-brewery and an independent bookshop.

If you like watching sport, the Ricoh Arena is home ground to Premiership rugby club Wasps and Coventry City Football Club. The city also has a successful ice hockey team, Coventry Blaze.

Food and drink
Coventry has lots of interesting places to eat. Student favourites include the large portions at Noodle Bar in Bull Yard and Wagamama, Las Iguanas and Cosy Club in Broadgate. Chefs at PGR in Priory Place prepare traditional-style pizza in authentic wood-fired ovens.

Other tried and tested choices are the Blue Orchid Thai restaurant in The Butts and fine Indian dining at Turmeric Gold in Medieval Spon Street. For dessert, you could try Creams Café, which has an enormous range of crépes, waffles, ice cream and milkshakes.

www.coventry.ac.uk/citylife
City life by night

Coventry has a large student population and many city-centre venues host popular, affordable student nights.

Live music

If you're interested in music, you won't be short of options. Coventry has a musical heritage that goes back decades and a lively local scene. There are venues across the city catering for a broad range of genres, from folk to pop, including open-mic nights.

Established artists play The Empire on Far Gosford Street or Kasbah just outside the city centre. Recent gigs at these venues have included Kano, The Cribs and Frank Turner. Other options include The Tin Music and Arts in the Canal Basin, Drapers on Earl Street and Milly's in Earlsdon.

The Ricoh Arena, on the outskirts of the city, is the place for stadium shows from world-famous acts. If you don't mind travelling further afield, The Assembly in Leamington Spa, a previous winner of best live venue in the Music Week Awards, runs student nights as part of a typically broad bill.

Arts and culture

If you're interested in theatre or comedy, the Belgrade Theatre, in the city centre, is renowned for its programme of in-house, visiting and community theatre, informed by a distinctive and often ground-breaking artistic policy. Other venues include the art deco Albany Theatre on Butts Road, the Criterion in Earlsdon and the Loft Theatre and the Spa Centre in Leamington Spa.

If you prefer film, Coventry has multiscreen Odeon and Showcase complexes, and the student cinema at TheHub shows both international work and blockbuster movies.

The Herbert Art Gallery & Museum, next door to TheHub on Jordan Well, is worth a visit at any time of day but especially for ‘Herbert Lates’, a monthly series of curated arts events. The Big Comfy Bookshop in Fargo Village supports local artists and musicians with events including poetry readings and acoustic gigs.

Welcoming international students

Coventry University is a truly global university. In addition to students studying our degrees in partner institutions around the world, we currently have more than 12,000 international students from 150 different countries studying with us in the UK. More than 9,000 are undertaking undergraduate study.

We offer a range of support and activities to help international students to settle in quickly, including an airport ‘meet and greet’ service and dedicated familiarisation events during enrolment.

International Office

Our International Office team includes multilingual staff, and many of them have experience living and studying abroad.

Support starts from the moment you consider studying with us. We can answer questions on a range of subjects, including visas, immigration, finances, employment regulations and culture. We will stay in contact with you throughout the application process, sending updates to make sure that you have all the information you need to start your course.

How to apply

Applying to Coventry University is a quick and easy process. You can apply online by following the link from the course pages at our website. Alternatively, you can download an application form and return it by email.

Before you apply, you need to make sure that you meet the necessary entry requirements for your chosen course. Specific entry requirements are listed on each course page at our website. You can also find more information about entry requirements relating to your country by visiting www.coventry.ac.uk/regional.

You need a minimum IELTS score of 6.0, or an equivalent English language qualification, for entry onto our undergraduate courses. To help you achieve this, we offer Pre-sessional English courses. Courses range in length from five to 30 weeks, depending on your existing level of English proficiency.

www.coventry.ac.uk/international
More than one way to study

The Coventry University Group also encompasses other campuses linked to the University, which provide the Coventry experience to students in other parts of the country.

Coventry University London
Coventry University London has over 1,400 students from more than 100 countries. It offers undergraduate and postgraduate courses in subjects allied to business, accounting, finance, hospitality and fashion. The emphasis is on gaining work-related experience, from business simulations and projects to internships and placements. Located at the heart of the City of London, specialist campus facilities include a Trading Floor equipped with Bloomberg terminals, a Standard and Poor’s computer suite, an Enterprise Hub for meetings and networking, and a fashion studio. The campus is located minutes away from the Bank of England, the London Stock Exchange, and the offices of numerous world-leading organisations.

Find out more at www.coventry.ac.uk/london.

CU
Our other locations are home to our CU options, which provide the opportunity to study towards a Coventry University award in a more flexible and affordable manner. You can choose to study in a variety of ways to fit in with your other commitments. There are multiple entry points throughout the year, and tuition fees are lower. Degree courses run in blocks of six weeks, with assessment at the end of each block, so there are no end of year examinations.

Our three CU campuses are:

CU Coventry - located on the Coventry University campus, with access to facilities and services such as the Students’ Union, the library, clubs, societies and the sports centre.
Find out more at www.coventry.ac.uk/cuc.

CU Scarborough - our new, purpose-built CU campus on the Yorkshire coast. Students can choose to study full-time or part-time, with evening courses available.
Find out more at www.coventry.ac.uk/cus.

CU London - opening in September 2017, CU London is based in Dagenham, east London. Courses run in the mornings, afternoons or evenings, with part-time weekend study also available.
Find out more at www.coventry.ac.uk/cul.
Accounting, Finance and Economics

- International Economics and Trade BA (Hons) UCAS code: LN11 www.coventry.ac.uk/ug18/LN11

Why Accounting, Finance and Economics at Coventry University?

Studying accounting, finance or economics can open up a wealth of career opportunities. As a graduate in this field, you should be commercially aware and agile in decision-making with high-level communication skills.

Our students get a real flavour of what it’s like working in the foreign exchange and the stock market with our impressive academic Trading Floor, the largest of its kind in Europe. By gaining experience using industry-standard equipment and tools such as Reuters Datastream, our students can develop a built-in advantage for when they enter the workplace.

Our international focus

Our courses have a strong international focus and we have links to a number of institutions and partner universities across the globe.

Global opportunities

- Study in France, Germany, Spain, Malta or many other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join field trips abroad such as ‘Study China’ or the ‘Columbus: The Americas’ programme.

Our career focus

The Faculty of Business and Law has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Accountant (with further professional education)
- Business manager/analyst
- Economist
- Financial analyst

Accreditation

We are accredited by or hold memberships with the following professional bodies. Not all accreditations or memberships relate to all of the above courses. Please visit course web page for specific information.

Further information

Please check the individual web pages listed above for detailed information about each course.
Aerospace Engineering and Aviation Management

Courses
3 years full-time or 4 years sandwich (study abroad/work placement)

Aerospace Systems Engineering BEng (Hons)
UCAS code: H410 www.coventry.ac.uk/ug18/H410

Aerospace Technology BEng (Hons)
UCAS code: H402 www.coventry.ac.uk/ug18/H402

Aviation Management BSc (Hons)
UCAS code: HG67 www.coventry.ac.uk/ug18/HG67

Entry requirements
For typical offers and other entry requirements, please check pages 116-130.

How to apply
For help with your application, please visit www.coventry.ac.uk/ugapplynow.

Further information
Please check the individual web pages listed above for detailed information about each course.

Why Aerospace Engineering and Aviation Management at Coventry University?
Our students are taught by staff with a wealth of industry experience.
Aerospace students work with industry-standard software and have access to our High-Performance Engineering Centre, where facilities include flight simulation systems, a modified, operational Harrier Jump Jet, a 1/5th scale wind tunnel designed by the Mercedes AMG Petronas Formula One team, and a suite of CNC machining cells.

BSc (Hons) Aviation Management is a specialised business degree. Students can gain the skills and knowledge required in the dynamic world of airport and airline business operations.

Our international focus
Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities
- Study abroad in European countries with strong aerospace industries such as France, Germany and Spain as part of our Erasmus scheme.
- Apply for an international field trip. Recent examples include trips to Airbus and Milan Polytechnic in Europe, NASA and Purdue University in the USA, and Emirates maintenance in Dubai.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).

Our career focus
The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates
- Aerospace systems engineer
- Control and instrumentation engineer
- Aerospace researcher and maintenance engineer
- Aircraft manufacturers

Accreditation
Our BEng (Hons) Aerospace Systems Engineering and BEng (Hons) Aerospace Technology courses are accredited by the Royal Aeronautical Society (RAeS).

Our BSc (Hons) Aviation Management course is accredited by the Chartered Institute of Logistics and Transport.

Richard Akinrinmade
BEng (Hons) Aerospace Technology
Art and Design

Why Art and Design at Coventry University?

We will support your creative ambitions and you will have opportunities to share and develop ideas with professionals in your field of work. We celebrate our students’ creativity and craftsmanship at our annual Degree Shows. Open to the public and invited guests from the creative industries, this will give you a valuable platform to showcase your work and launch your career.

You will also have the opportunity to attend important exhibitions at venues such as the Tate, the Saatchi Gallery and the Victoria and Albert Museum and events such as Liverpool Biennial.

We encourage our students to aim high. Our celebrated alumni include a portrait painter to the Queen and an Oscar-winning filmmaker, along with designers working in automotive styling studios across Europe, for manufacturers such as Aston Martin, Jaguar Land Rover, Lotus and BMW.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- Study abroad at the Universidad Europea de Madrid in Spain, the Accademia di Belle Arti Bologna in Italy and many other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join optional faculty trips. Previous destinations have included New York, Berlin, Madrid and the Venice Biennale.

Our career focus

The Faculty of Arts and Humanities has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Animator
- Architect
- Designer (fashion, interior, automotive, fine art, product)
- Fashion consultant

Accreditation

Our BSc (Hons) Architecture degree is accredited by the following professional bodies:
Biological and Molecular Sciences

Why Biological and Molecular Sciences at Coventry University?

This is an exciting and innovative area that focuses on understanding the science of life, including human health and disease, and the analysis of biological and chemical materials.

Our courses give you the opportunity to study cell biology, physiology, immunology or analytical chemistry. Teaching, learning and assessment is focused on the practical application of skills and knowledge and you will learn from industry-experienced practitioners. You will also benefit from using the professional-standard laboratory facilities in our new Science and Health Building.

Our international focus

Our courses have a strong international focus, and we have many links to institutions and partner universities across the globe.

Global opportunities

- Study in France, Germany, Spain, Malta or many other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join field trips abroad such as ‘Study China’ or the ‘Columbus: The Americas’ programme, which saw previous students join a volunteer project assisting victims of the Haiti earthquake.

Our career focus

The Faculty of Health and Life Sciences has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Biomedical scientist
- Forensic scientist
- Microbiologist
- Pharmacologist
- Research scientist

Accreditation

Our BSc (Hons) Biomedical Science degree is accredited by the Institute of Biomedical Science (IBMS).

Our BSc (Hons) Applied Biomedical Science degree is approved by the Health and Care Professions Council (HCPC).
Business and Management

Courses
- 3 years full-time or 4 years sandwich (study abroad/work placement)
- Business Administration BA (Hons) UCAS code: N250 www.coventry.ac.uk/ug18/N250
- Business and Human Resource Management BA (Hons) UCAS code: N600 www.coventry.ac.uk/ug18/N600
- Business Management BA (Hons) UCAS code: N221 www.coventry.ac.uk/ug18/N221
- Enterprise and Entrepreneurship BA (Hons) UCAS code: NN1F www.coventry.ac.uk/ug18/NN1F
- European Business Management BA (Hons)* UCAS code: N200 www.coventry.ac.uk/ug18/N200
- International Business Management BA (Hons) UCAS code: N120 www.coventry.ac.uk/ug18/N120

* The first two years of this course are studied at different European partner institutions. Only Year 3 is studied at Coventry University. Students must enrol directly with all institutions. Please check the course page at the website for more information.

Why Business and Management at Coventry University?
Businesses need brilliant minds. Our courses provide you with a great opportunity to prepare for the real working world by giving you the chance to learn about a variety of business disciplines. Whether you’re interested in management, operations, entrepreneurship or innovation, we can help you develop your business acumen and international outlook, and to shape your career path.

Our international focus
Our courses have a strong international focus and we have a number of links with institutions and partner universities across the globe.

Global opportunities
- Study in France, Germany, Spain, Malta or many other destinations through our Erasmus scheme.

How to apply
For help with your application, please visit www.coventry.ac.uk/ugapplynow.

Further information
Please check the individual web pages listed above for detailed information about each course.

The course is intellectually stimulating and has made me work-ready. I wouldn’t have had the employment opportunities without it.

Charlotte Rowley
BA (Hons) Business Management
Civil Engineering

Courses

BSc (Hons) and BEng (Hons): 3 years full-time or 4 years sandwich (study abroad/work placement)
MEng: 4 years full-time or 5 years sandwich (study abroad/work placement)

Courses are also available to study on a part-time basis, by direct entry to year 2. Part-time applications will be considered on a case-by-case basis.

Why Civil Engineering at Coventry University?

Throughout your degree, you will have the opportunity to develop specific technical knowledge and construction practice and undertake integrated project work that can enable you to develop the skills to analyse, design and manage solutions for innovative and complex engineering problems. You will be taught the principles of civil engineering including: engineering materials, analysis and design, highways and surveying, contract and project management, and ground engineering.

Our international focus

Our courses have a strong international focus and we have links to institutions and partner universities across the globe.

Global opportunities

- Study in Europe through our Erasmus scheme or further afield in Canada, Oman or Malaysia.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Potential opportunities to join departmental field trips.

Our career focus

The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement. Previous students have secured placements at Balfour Beatty Construction, Severn Trent Water, Warwickshire County Council and Mott MacDonald.

Possible careers for graduates

- Civil engineer
- Environmental engineer
- Geotechnical engineer
- Site engineer
- Structural engineer

Accreditation

Our Civil Engineering and Environmental Engineering degrees are accredited by the Joint Board of Moderators which incorporates the following professional bodies:

Our Civil and Structural Engineering degrees have accreditation with the Joint Board of Moderators pending.

MBA

FACULTY OF ENGINEERING, ENVIRONMENT AND COMPUTING
Computing, Cybersecurity and Games Development

Why Computing, Cybersecurity and Games Development at Coventry University?

The digital age has defined us and has become the root of our everyday life. From the way we work, the interfaces we use and the way we communicate, technology is ever-present. If developing software, learning how to prevent cyber attacks or creating mobile apps is your passion, we may have the right course for you.

Our international focus

Our courses have a strong international focus and we have links to a number of institutions and partner universities across the globe.

Global opportunities

- Study in Spain or Finland through our Erasmus scheme, or further afield in Brazil or Indonesia.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Take advantage of opportunities including attendance at conferences such as Virtual Worlds in Athens, the ‘Study China’ programme or field trips. Previous field trips have enabled our students to visit Brazil, China, Indonesia and Tanzania.

Our career focus

The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Computer programmer
- Information technology technician
- Penetration tester
- Security consultant
- User experience engineer

Accreditation

We are accredited by BCS - The Chartered Institute for IT. Not all accreditations relate to all of the above courses. Please visit course web page for specific information.
Construction

Why Construction at Coventry University?
The built environment, the man-made surroundings and physical structures that are needed for everyday life, play a vital role in society. Training in this subject area can open up routes into an exciting, diverse and challenging career that will enable you to help shape the built environment of the future.

Our international focus
Our courses have a strong international focus and we have links to a number of institutions and partner universities across the globe.

Global opportunities
- Study in Europe through our Erasmus scheme, or further afield in Canada, Oman or Malaysia.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Take advantage of departmental field trips to destinations such as Rome or Malta.

Our career focus
The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates
- Architectural technologist
- Building services engineer
- Building surveyor
- Construction manager
- Construction project manager
- Quantity surveyor

Accreditation
Our BSc (Hons) Architectural Technology degree is accredited by the Chartered Institute of Architectural Technologists (CIAT) and the Chartered Institute of Building (CIOB).

Our BEng (Hons) Building Services Engineering degree is accredited by the Chartered Institute of Building Services Engineers (CIBSE).

Our BSc (Hons) Building Surveying degree is accredited by the Royal Institution of Chartered Surveyors (RICS).

Our BSc (Hons) Construction Management degree is accredited by the Chartered Institute of Building (CIOB).

Our BSc (Hons) Quantity Surveying and Commercial Management degree is accredited by the Royal Institution of Chartered Surveyors (RICS) and the Chartered Institute of Building (CIOB).

Entry requirements
For typical offers and other entry requirements, please check pages 116-130.

How to apply
For help with your application, please visit www.coventry.ac.uk/ugapplynow.

Further information
Please check the individual web pages listed above for detailed information about each course.

Throughout my time at Coventry University I have found that listening to the wealth of knowledge and experiences of my lecturers has really encouraged me to pursue a career in the construction industry.

Lewis Boughton
BSc (Hons) Construction Management
Criminology and Forensic Investigations

Courses

- 3 years full-time or 4 years sandwich (study abroad/work placement)
- Criminology BA (Hons) UCAS code: L370 www.coventry.ac.uk/ug18/L370
- Criminology and Law BA (Hons) UCAS code: M930 www.coventry.ac.uk/ug15/M930
- Criminology and Psychology BA (Hons) UCAS code: CM89 www.coventry.ac.uk/ug18/CM89
- Forensic Investigations BSc (Hons) UCAS code: F410 www.coventry.ac.uk/ug18/F410

Entry requirements

For typical offers and other entry requirements, please check pages 116-130.

How to apply

For help with your application, please visit www.coventry.ac.uk/ugapplynow.

Further information

Please check the individual web pages listed above for detailed information about each course.

Why Criminology and Forensic Investigations at Coventry University?

Our criminology courses will teach a critical perspective on a wide variety of phenomena associated with crime, victimisation, punishment and criminal justice. You will study the causes of crime and the various means by which society and social groups attempt to deal with it.

Our BSc (Hons) Forensic Investigations course teaches how to apply investigative principles to the explanation and solution of criminal or civil cases. Techniques explored include surveillance, fraud investigation, digital forensics and social media.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- Study in Europe through our Erasmus scheme. Recent student exchanges through the scheme have been to Malta, Spain, Finland and the Netherlands.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join departmental trips to destinations such as Auschwitz and the European Parliament in Strasbourg. Previous trips have also seen students visit Amsterdam, Berlin, New York and Tokyo.

Our career focus

The Faculty of Health and Life Sciences has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Investigator
- Police, probation or prison officer
- Researcher

Accreditation

Our BSc (Hons) Forensic Investigations degree is accredited by Skillsmark.

Anthony Zhang
BSc (Hons) Forensic Investigations
Dietetics, Food and Nutrition

Why Dietetics, Food and Nutrition at Coventry University?

With a greater public awareness of healthy eating, nutrition and the quality and safety of food, these topics have become key issues in society. Our courses are designed to prepare the next generation of health professionals and scientists to promote healthy eating, while understanding food science and the factors influencing nutrition and dietary behaviour within society.

Our international focus

Our courses have a strong international focus, and we have many links to institutions and partner universities across the globe.

Global opportunities

- You may have the opportunity to apply for overseas educational trips available through the University such as ‘Study China’ or the ‘Columbus: The Americas’ programme, which saw previous students join a volunteer project assisting victims of the Haiti earthquake.

Our career focus

The Faculty of Health and Life Sciences has a dedicated Employability Unit. We encourage students to apply for a work placement and other roles to gain experience if necessary.

Possible careers for graduates

- Nutritionist
- Dietitian
- Researcher

Accreditation

Our BSc (Hons) Dietetics degree is accredited by the following professional bodies:

- BDA (The Association for the Study of Dentistry)
- HCPC (Health & Care Professions Council)

The obesity simulation suit was really useful as it gave us an insight into how our future clients may struggle to do everyday tasks such as walking up and down stairs or getting up out of a seat.

### How to apply

For help with your application, please visit [www.coventry.ac.uk/ugapplynow](http://www.coventry.ac.uk/ugapplynow).

### Further information

Please check the individual web pages listed above for detailed information about each course.

### Why Electrical and Electronic Engineering at Coventry University?

Our industry-informed courses give you hands-on experience with computer hardware and electronic systems. You will discover the technology behind communication networks, embedded computer systems and electric vehicles. The emphasis in these courses is on practical design and development, with access to the innovations that are changing the world of engineering. During your studies, you will benefit from our links with industry, including companies such as IBM, National Grid, Mercedes Benz and Severn Trent Water.

### Our international focus

Our courses have a strong international focus, with links to institutions and partner universities across the globe.

#### Global opportunities

- Study in Europe through our Erasmus scheme or further afield in Canada, Oman or Malaysia.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join shorter educational trips. Previous students have visited Shanghai.

### Our career focus

The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

### Possible careers for graduates

- Computer hardware developer
- Electrical engineer
- Electronics engineer
- Embedded systems developer
- Power engineer

### Accreditation

Our BEng (Hons) and MEng Electrical and Electronic Engineering courses are currently in the process of having their accreditation status renewed by the Institution of Engineering and Technology.

Alongside learning the theory of electronics engineering, Coventry University has enabled me to gain a hands-on experience of practical work, using excellent equipment to develop course projects, preparing me for the real working world.

Veena Kumari
BEng (Hons) Computer Hardware and Software Engineering
Why Energy and Environment at Coventry University?

The world we live in is facing numerous challenges, from sustainable development, climate change and natural hazards and disasters to risk reduction and international terrorism. Our courses explore these important and challenging issues and help prepare you to be able to research, manage and make informed decisions about them in the future. You could benefit from a residential field trip in each year of your degree, including an international trip in your final year.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- Study part of your course at the University of Reykjavik in Iceland or teach children about disaster prevention in Taiwan.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Take advantage of opportunities available through our student-led International Disaster Concern Society, GeogSoc and the Society of Petroleum Engineers. Recent trips have seen students assisting refugees in Jordan, visiting volcano observations in Alaska, Hawaii and Mexico, and attending conferences in Qatar.

Our career focus

The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Emergency planner
- Environmental consultant
- Fire, police and ambulance service
- Geographical information system analyst
- Humanitarian relief worker
- Nuclear industry (oil and gas)

This course content is correct at the time of going to print. However, changes may occur and we strongly advise you to contact us before applying to study at Coventry University to check the most up-to-date position.

Thomas Hawkins
BSc (Hons) Disaster Management and Emergency Planning

My course is focused around building knowledge and necessary skills for a career in international disaster relief, national emergency management and business continuity and resilience. I absolutely love it.
Healthcare Professions

Why Healthcare Professions at Coventry University?

There is a high demand for experts in the professional healthcare sector. Our students benefit from research-led teaching, exciting placement opportunities and the state-of-the-art facilities in our new Science and Health Building.

You will develop your professional and personal skills in both clinical environments and simulated scenarios, supported by passionate, qualified practitioners.

Our paramedic science students have the opportunity to participate in large-scale emergency drills at West Midlands Fire Service training centres in Birmingham where they can learn how to treat patients in simulated scenarios, such as traffic accidents.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- You may have the opportunity to apply for short overseas educational trips.

Our career focus

The Faculty of Health and Life Sciences has a dedicated Employability Unit. We encourage students to apply for a work placement and other roles to gain experience if necessary.

Possible careers for graduates

- Operating department practitioner
- Paramedic

Accreditation

These healthcare professions courses are accredited and approved by the Health and Care Professions Council.

Why Law at Coventry University?

Studying law sharpens the mind, builds an analytical skill set and develops problem-solving abilities. These qualities are not just valued in the legal field, but in businesses too.

Study a law degree with us and you will benefit from our 50 years of experience in teaching law. Our graduates have gone on to work for PwC, the Crown Prosecution Service and international law firms.

We are also proud to be working with a leading legal practice, in collaboration with our Coventry Law Centre Legal Clinic.

This service enables our LLB students to gain valuable experience by working alongside practising lawyers from a leading law firm’s pro bono department to offer free legal advice to people from the local community.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- Study in France, Germany, Spain, Malta or many other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Take the opportunity to join shorter trips overseas such as the ‘Study China’ and ‘Marco Polo’ programmes.

Our career focus

The Faculty of Business and Law has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Barrister
- Lawyer
- Legal aid
- Manager
- Police enforcement
- Teacher/professor
- Solicitor
Marketing

Why Marketing at Coventry University?
Marketing impacts everyone’s lives, from the goods and services we buy to behavioural and emotive influences and the ways we connect online.

Our marketing courses will provide you with the opportunity to develop specialist knowledge and expertise in areas such as advertising, global marketing and brand communications, and to gain industry experience through an optional placement year.

Our marketing students also have access to our state-of-the-art DigiComm Lab. Equipped with industry-relevant software, it enables students to gain experience producing digital campaigns.

Our international focus
Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities
- Study in France, Germany, Spain, Malta or many other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join shorter trips overseas such as ‘Study China’ or the ‘Columbus: The Americas’ programme, which saw previous students join a volunteer project assisting victims of the Haiti earthquake.

Our career focus
The Faculty of Business and Law has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates
- Buyer
- Content and copywriter
- Marketeer
- Marketing, advertising and PR executive
- Market researcher
- Media planner

Accreditation
We are accredited by or hold memberships with the following professional bodies. Not all accreditations or memberships relate to all of the above courses. Please visit course web page for specific information.

---

**Why Mathematics at Coventry University?**

Studying mathematics will help you to develop analytical, statistical and problem-solving skills that are needed by employers.

During your first year, you will also have the opportunity to opt in to a school-centred initial teacher training programme. If you choose this option, you will spend time working alongside expert practitioners in secondary schools, teaching across the 11-16 age group. On completion of your degree, you will be eligible for Qualified Teacher Status (QTS) and able to move into a teaching career without the requirement for an additional qualification, such as a Postgraduate Certificate in Education (PGCE).

**Our international focus**

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

**Global opportunities**

- Study in France, Germany, Malta, Bulgaria or many other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join shorter trips abroad such as our ‘Study China’ programme, or alternative opportunities in Australia and the USA.

**Our career focus**

The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

**Possible careers for graduates**

- Actuary
- Data scientist
- Investment analyst
- Mathematics teacher
- Quantitative researcher
- Simulation and mathematical modelling engineer
- Trading analyst

**Accreditation**

Our BSc (Hons) Mathematics, BSc (Hons) Mathematics and Physics and BSc (Hons) Mathematics and Statistics degrees are accredited by the Institute of Mathematics and its Applications.

---

Throughout my time at Coventry University I have gained experience in industry, observed great leadership skills, built valuable relationships with staff, and been introduced to an array of job prospects.

Laura Curtis

Why Mechanical, Automotive, Manufacturing and Motorsport Engineering at Coventry University?
We are world renowned for our engineering courses. You will learn skills from structural analysis to performance engineering and kinematics from academic staff with a wealth of industry knowledge. You will gain experience using relevant software and CNC/rapid prototyping facilities and have access to our Institute for Advanced Manufacturing and Engineering and our High-Performance Engineering Centre, where facilities include test cells, simulators, laboratories and a wind tunnel designed and supplied by the Mercedes AMG Petronas Formula One team.

Our international focus
Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities
- Apply for field trips and study opportunities with our partners in Europe, China, Singapore and the USA.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join shorter overseas trips such as ‘Study China’ or the ‘Columbus: The Americas’ programme.

Our career focus
The Faculty of Engineering, Environment and Computing has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates
- Chartered engineer
- Design engineer
- Development engineer
- Manufacturing engineer
- Product engineer
- Race engineer

Accreditation
Our MEng and BEng (Hons) Automotive Engineering, MEng and BEng (Hons) Mechanical Engineering, and MEng and BEng (Hons) Motorsport Engineering degrees are accredited by the Institution of Mechanical Engineers (IMechE).
Our BEng (Hons) Manufacturing Engineering degree is written to meet the requirements to become accredited by the Institution of Engineering and Technology (IET). The accreditation visit is pending.
Media and Performing Arts

Why Media and Performing Arts at Coventry University?

With the creative industries ever changing, we believe innovation is at the forefront of media and performing arts. From the outset, we will enable you to develop your technical skills and introduce you to historical themes and contextual questions so you are better equipped to think and act as an informed practitioner. All of our courses are informed by real world experience, giving you an insight into what it is like working for the creative industries.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- Study at a partner institution in Europe through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join international field trips. Recent trips have been to Berlin, Iceland, Hong Kong, the USA and Brazil.
- Possibility of online interactive learning opportunities to work on collaborative projects with students from other countries.

Our career focus

The Faculty of Arts and Humanities has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Communications executive
- Journalist
- Media specialist
- Musician
- Photographer

Accreditation

Our BA (Hons) Journalism degree is accredited by the Broadcast Journalism Training Council.

Why Nursing and Midwifery at Coventry University?

Compassion and care are at the heart of our nursing and midwifery courses. We offer an extensive range of specialist courses delivered by a passionate and professional teaching team in state-of-the-art facilities. Our students also benefit from an exciting range of high-quality practice placements which help prepare them to move into highly rewarding and flexible careers.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- There may be opportunities to apply for short educational trips.

Our career focus

Throughout our nursing and midwifery courses you will benefit from clinical placements which will help prepare you for your future career. These placements will provide you with the skills and hands-on experience you will need to work in the healthcare sector.

Possible careers for graduates

- Nursing
- Midwifery
- Clinical specialist
- Medical representative

Accreditation

Our nursing and midwifery degrees are accredited by the Nursing & Midwifery Council.

Samantha Pejcic  
BSc (Hons) Adult Nursing
Occupational Therapy and Physiotherapy

Why Occupational Therapy and Physiotherapy at Coventry University?

These courses provide the practical and academic skills needed to enter these healthcare professions, whose work can be vital in helping to improve people’s quality of life. Our students benefit from research-led teaching, exciting placement opportunities, state-of-the-art facilities and real life and simulated scenarios.

BSc (Hons) Occupational Therapy will teach you to support people with difficulties, such as mental health problems, or physical or learning disabilities, to lead healthy and fulfilling lives.

BSc (Hons) Physiotherapy will prepare you thoroughly for a career helping people to improve their movement through a variety of techniques.

Our international focus

Our courses have a strong international focus and we have a number of links to institutions and partner universities across the globe.

Global opportunities

- Study for a short period at PXL University in Belgium, the University of Malta or the International Institute of Health Sciences in Sri Lanka.
- Join shorter trips overseas such as ‘Study China’ or the ‘Columbus: The Americas’ programme.

Our career focus

The Faculty of Health and Life Sciences has a dedicated Employability Unit. We encourage students to apply for a work placement and other roles to gain experience if necessary.

Possible careers for graduates

- Occupational therapist
- Physiotherapist

Accreditation

Our occupational therapy and physiotherapy degrees are accredited and approved by the following professional bodies:

Courses

Occupational Therapy: 3 years full-time or 4 years part-time
Physiotherapy: 3 years full-time

Occupational Therapy BSc (Hons)
UCAS code: B920 www.coventry.ac.uk/ug18/B920

Physiotherapy BSc (Hons)
UCAS code: B160 www.coventry.ac.uk/ug18/B160

Entry requirements

For typical offers and other entry requirements, please check pages 116-130.

How to apply

For help with your application, please visit www.coventry.ac.uk/ugapplynow.

Further information

Please check the individual web pages listed above for detailed information about each course.

This course content is correct at the time of going to print. However, changes may occur and we strongly advise you to contact us before applying to study at Coventry University to check the most up-to-date position.
Psychology

Why Psychology at Coventry University?
Our courses focus on people’s thoughts, behaviours and actions. If you have a passion for understanding psychological research methods and theory in a variety of applied contexts, our courses will allow you to pursue and develop your interests.

Our international focus
Our courses have a strong international focus and we have links to a number of institutions and partner universities across the globe.

Global opportunities
- Study part of your course at the University of Malmo, Sweden, the University of Montréal, Canada, or many other destinations.
- Apply for a paid placement year in Europe through our Erasmus scheme or further afield through our Centre for Global Engagement (see page 28 for details).
- Join shorter educational trips abroad. Previous students have visited Auschwitz, Amsterdam, Tokyo and San Francisco.

Our career focus
The Faculty of Health and Life Sciences has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates
- Psychologist (with further professional training)
- Mental health worker
- Researcher
- Teacher

Accreditation
Our psychology degrees are accredited by the British Psychological Society.

This course has given me in-depth knowledge of why each person is different and what might be the causes of particular behaviour. All the modules are built to stimulate our critical thinking and enhance our skills in order to be ready to get a job.

Florin Andriuc
BSc (Hons) Psychology
Why Social Sciences at Coventry University?

At Coventry University you will engage with the social sciences in creative, inventive and exciting ways. Our teaching staff are research active and we bring our disciplines to life by focusing on contemporary issues, using innovative methods and celebrating the development of a critical imagination. Our courses are hands-on, giving you the opportunity to investigate and document a situation, create and analyse your own data, and draw your own conclusions about the nature of society.

Our international focus

Our courses have a strong international focus and we have links to a number of institutions and partner universities across the globe.

Global opportunities

- Study part of your degree in Europe through our Erasmus scheme or further afield through our Centre for Global Engagement. Currently, we have links in Costa Rica and Mexico and with the University of the West Indies.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join shorter educational trips visiting anti-Mafia organisations such as Addiopizzo and Libera in Sicily, or exploring post-war Germany. Our students recently visited New York where they made a documentary about the Presidential race.

Our career focus

The Faculty of Arts and Humanities and the Faculty of Health and Life Sciences both have a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Civil service (diplomatic, research, foreign exchange, MOD)
- National Probation Service, Prison Service and rehabilitation
- Working with the United Nations, NGOs and charities
- Marketing, recruitment, media and PR
- Parliament case worker
- Teaching and lecturing

Entry requirements

For typical offers and other entry requirements, please check pages 116-130.

How to apply

For help with your application, please visit www.coventry.ac.uk/ugapplynow.

* This degree is offered by the Faculty of Health and Life Sciences

Isabella Yeboah
BA (Hons) Sociology
Social Work, Childhood and Youth Studies and Counselling

Why Social Work, Childhood and Youth Studies and Counselling at Coventry University?

These degrees are all concerned with people’s wellbeing. We will provide you with excellent teaching and practice opportunities to prepare you, whether you want to work with children, young people or adults. You will develop an understanding of human behaviour and development, education and the social context that shapes people’s lives, along with the skills and knowledge to influence the lives of some of the most vulnerable people within our society.

Our international focus

Our courses have a strong international focus and we have links to a number of institutions and partner universities across the globe.

Global opportunities

- Some courses provide the opportunity to study in France, Germany, Spain, Malta or other destinations through our Erasmus scheme.
- Some courses offer the opportunity to apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- You may have the opportunity to join shorter educational trips overseas such as ‘Study China’ and the ‘Columbus: The Americas’ programme, problem-based learning in the Netherlands, and community development in South Africa.

Our career focus

The Faculty of Health and Life Sciences has a dedicated Employability Unit which will assist you if you choose to apply for a work placement.

Possible careers for graduates

- Counsellor
- Educator
- Learning mentor
- Social worker
- Teacher
- Youth worker

Accreditation

Our BA (Hons) Social Work degree is approved by the Health and Care Professions Council.

Beth Lakin
BA (Hons) Social Work

This course content is correct at the time of going to print. However, changes may occur and we strongly advise you to contact us before applying to study at Coventry University to check the most up-to-date position.
Sport and Event Management

Why Sport and Event Management at Coventry University?

Studying one of these courses will provide you with a thorough and modern approach to an increasingly demanding industry. You will learn about marketing and sponsorship, PR and media, operations management and entertainment industry practice. You will also have the opportunity to take part in an overseas field trip* to learn more about how events are run internationally.

*Additional fees apply

Our international focus

Our courses have a strong international focus, and we have many links to institutions and partner universities across the globe.

Global opportunities

- Study in France, Germany, Spain, Malta or other destinations through our Erasmus scheme.
- Apply for a paid overseas placement year through our Centre for Global Engagement (see page 28 for details).
- Join field trips abroad to experience how events are managed internationally. Recently, our students have visited Cape Town, Milan and Nanjing, China.

Our career focus

The Faculty of Business and Law has a dedicated Employability Unit. We encourage students to apply for a work placement and other roles to gain experience.

Possible careers for graduates

- Advertising or PR/communications roles
- Management in a sports organisation
- Manager in a variety of sectors including arts, music, festivals or charities

Accreditation

We are accredited by or hold memberships with the following professional bodies. Not all accreditations or memberships relate to all of the above courses. Please visit course web page for specific information.

Coventry University
London courses
**Coventry University London**

**Why Coventry University London?**

Make the city your classroom by studying a business-related degree at Coventry University London. Our courses in finance, business, fashion and tourism will set you apart by giving you first-class teaching and facilities and a London City student experience. We believe there is no better place to learn about business than to study at the heart of one of the most successful business and financial centres in the world.

**Our employability focus**

Today’s job market is highly competitive. Employers are looking for outstanding career skills as well as a good qualification. We put employability at the core of all our courses with industry-trained lecturers demonstrating theories linked to practical business applications.

**Industry links**

You will develop your business skills through a range of experiences, from work-based learning in global organisations to our networking events with industry leaders. We have relationships with a large number of employers including The Ritz London, Genesis, Deloitte and Barclays.

**An appetite for enterprise**

For those who are determined to become successful entrepreneurs, our teams in London and Coventry can help you shape and strengthen your business ideas. We will support you to not only learn about entrepreneurship, but to experience it too.

**Guaranteed* work placement or work-related project**

Our courses include business simulations and other work-related experiences, including internships, consulting projects, entrepreneurship projects and more.

*Available on selected courses for students who meet eligibility requirements.

**Possible careers for graduates**

- Accountant (with further professional qualifications)
- Business manager
- Fashion buyer
- Marketing professional
- Tourism and hospitality manager

**International Hospitality and Tourism Management BA (Hons)**
- UCAS code: NN18 [www.coventry.ac.uk/ug18/NN18](http://www.coventry.ac.uk/ug18/NN18)

**Entry requirements**

For typical offers and other entry requirements, please check pages 116-130.

**How to apply**

For help with your application, please visit [www.coventry.ac.uk/london/apply](http://www.coventry.ac.uk/london/apply).

**Further information**

Please check the individual web pages listed above for detailed information about each course.

---

**Graduating with first-class honours in Global Business Management has opened up numerous opportunities in the world of work. The entrepreneurial spirit at Coventry University London really resonated with me and inspired me to set up my own photography company and promote it throughout the UK.**

Diana Korobeynikova

BA (Hons) Global Business Management
Fees and finance

First-year tuition fees are listed on the course pages of our website and in the table starting on page 116 of this prospectus.

UK and EU students may be eligible for a tuition fee loan, which is paid directly to the University by the Student Loans Company, and/or a maintenance loan designed to help cover everyday living costs while studying. The amount you can borrow is based on your household income and whether you are planning to live at home or in University accommodation.

These loans do not need to be repaid until you have completed your course and are earning a salary over a pre-determined threshold. For more information, please visit www.gov.uk/student-finance.

Scholarships
Coventry University offers a range of scholarships to help talented students with the cost of their education. These may be in the form of cash or other financial support. You may be eligible for a scholarship on the basis of an academic achievement or if you play sport to a high level. Most of our scholarships allow you to renew or reapply for each year of your degree. Visit www.coventry.ac.uk/scholarships for more information and eligibility requirements.

No Hidden Extras
We make sure that our fees are transparent and, wherever possible, that there are no hidden costs. Our full-time course tuition fees include costs such as core textbooks, printing credits and any mandatory UK field trips.

Our No Hidden Extras scheme also means that, unlike some universities, we will not charge you tuition fees if you decide to undertake an optional work placement or study abroad year. The experience you gain on a work or study placement could give you a higher graduate starting salary* and we encourage as many of our students as possible to take advantage of the opportunity.

Additional costs may apply to your chosen course. For a guide to what is and is not included in your tuition fee, please refer to the specific course page on the website.

*Department for Business, Innovation & Skills ‘Next steps’ report, 2012

Open Days

If you’d like to find out more about the University and the subject, or subjects, you’re interested in, attending an Open Day gives you a great opportunity to meet our academic staff and current students and ask them any questions you may have.

It’s also the best way to get a real feel for what it would be like to study here. You will have the opportunity to find out more about our courses, our approach to teaching and learning, and our facilities. You can also find out more about the support we offer to all our students, including careers advice and international placement opportunities.

You will be able to go on a walking tour of the campus with a current student, where you will be shown the library, the sports centre, The Hub and the location of the faculty buildings. You will also have the opportunity to have a look around some of our student accommodation on and around campus.

Undergraduate Open Days:
Saturday 17 June 2017
Saturday 7 October 2017
Saturday 28 October 2017
Saturday 25 November 2017

We also run smaller ‘drop-in’ events. These are informal opportunities for you to speak to our staff and get a taste of what we can offer you.

Drop-in events:
Wednesday 12 July 2017
Wednesday 8 November 2017
Wednesday 6 December 2017

Alternatively, you can join one of our student-led tours which take place on weekdays throughout the year. These offer an extended walking tour of the campus and its immediate surroundings, with the option to finish with lunch in The Hub.

You may also want to have a look at our new virtual tours. Please visit www.coventry.ac.uk/virtualtour.

To find out more about our Open Days, or to book your place, please visit our website.

www.coventry.ac.uk/opendays
Next steps

If you’re considering studying with us, there are a few ways you can get more information before making your application.

Check out the courses you’re interested in at our website. You can also compare courses at the UCAS and Unistats websites. Forums like The Student Room are a good source of background information on student life, as are our YouTube channel and blogs.

**UK/EU students**

The best way to get a feel for what it would be like to live and study in Coventry is to visit us at one of our Open Days or ‘drop-in’ events. Many applicants find it much easier to make their decision once they have spent some time on campus and had the opportunity to speak to staff and students.

Once you’ve decided which course you want to study, make sure you submit your UCAS application before the 15 January 2018 deadline.

After you’ve made your application, keep an eye on your UCAS Track and your email inbox for offer decisions or interview invitations. We will use email as our main way of communicating with you.

If you are unsure about anything, please get in touch with our Recruitment and Admissions Office. The team will be happy to answer any questions you have about applying to university or about student life in general.

**International students**

Applying to Coventry University is a quick and easy process and you will receive an initial decision within a few working days. You can apply online or download an application form at [www.coventry.ac.uk/international](http://www.coventry.ac.uk/international).

Our International Office can answer any questions you may have about the application process, visas, our courses or life as a student in the UK.

A message from the Vice-Chancellor

As both the Vice-Chancellor and a double graduate of Coventry University, you will struggle to find someone to whom this University means as much as it does to me. That’s why it gives me great pleasure to be able to play a small part in your decision to study with us.

I hope we have shown you in this prospectus what sets Coventry apart. Our forward-thinking approach, modern facilities and focus on practical learning have resulted in Coventry being ranked 15th university in the UK* as well as top 4 for both student experience and teaching quality**.

We are proud to be repeatedly rated highly in the National Student Survey, which asks final-year students to comment on how satisfied they are with their course and the teaching at their university. The best thing about this, especially from your point of view, is that it shows we have a great track record in delivering a quality education that meets our students’ expectations.

Come to one of our Open Days and discover for yourself why thousands of students choose this award-winning university every year.

We’ll put your future first.

Professor John Latham
Vice-Chancellor and CEO, Coventry University
Extraordinary Professor, Stellenbosch University
